

CONNECTING A JABRA HEADSET TO A BT TURRET

CONNECT TO WIRELESS HEADSET: JABRA PRO 9450

BT *Turret

Small clear four pin plug
(Jabra cord 8800-00-101)

Jabra PRO 9450

1. Use Jabra cord 8800-00-101 (=large clear 4-pin cord), instead of using the cord in the box of the Jabra PRO 9450
2. Connect the Wireless Jabra PRO 9450 to the headset port on the back of the BT turret*
3. Remove front right cover on the Jabra PRO 9450 and move slider to "G"

CONNECT TO WIRED HEADSET: JABRA BIZ 2400

BT *Turret

Small clear four pin plug
(Jabra cord 8800-00-101)

Jabra Link 850

Jabra BIZ 2400 3 and 1 NA,
3-in-1 (2406-820-105)

1. Use Jabra cord 8800-00-101 (=large clear 4-pin cord) instead of using the cord in the box of Jabra Link 850
2. Connect the Jabra Link 850 to the headset port on back of the BT turret*
3. Connect the headset Jabra BIZ 2400 to the Jabra Link 850
4. Turn Link 850 over and move slider to "G"

*Note on BT Turret: You need to upload BT configuration file for improved volume.
