EU Common Charger Directive 2022/2380

Dear Partner,

Please be informed about the EU Common Charger Directive 2022/2380 (DIRECTIVE (EU) 2022/2380 OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL) which aims to promote circular economy processes, foster sustainable consumption, and reduce e-waste.

To comply with this directive, we request all Partners and Resellers to add the following statement to their websites for all Toughbook models:

“Based on the EU Common Charger Directive 2022/2380 as of December 28th, 2024, Panasonic will provide models without chargers upon request.

Please contact [**Your contact name/email**] for further details.”

Additional support will be provided by your local Panasonic Partner Account Manager.

Your support on this matter is highly appreciated,

Steven Vindevogel
